

## **Feedback for Harvest Service**

### **Audience**

Was the language, level and content suitable for some/all/few of this congregation? Why?

### **Content**

What was the main point of the service? (What was it about? What was its aim?) If this was not clear to you please say so.

Did the liturgy help to get the point across?

Did the choice of hymns/music help to clarify the point?

### **Structure**

How long was the service? Did it feel too long / too short / about right.

### **Application**

What kind of application did the service have? Did it:

Inspire me?

Help me to know Christ better?

Help me to serve Christ better in my daily life?

Give me encouragement?

Cause me to think?

Challenge me to a specific response. If so what?
